J. H. Burgher and wife, of Panther, W. Va., are visiting relatives in the city. Mrs. Burgher has been quite sick but is now much better.

Mountz Bros. are getting along splendidly with their new two-story business house on Sixth avenue and will soon have the house ready for occupancy.

Wm. Hogan, one of the mechanics who helped to install all the machinery in the new flour mill, has been offered a most handsome salary to go to Cincinnati and work straight time for the company installing the mill. In the face of this flattering offer Mr. Hogan has decided to remain in Clay City, and now offers his services to the public for all kinds of mechanical work, painting, paper hanging and etc. Satisfaction guaranteed.

The Supper a Success.

The supper at the Christian church Saturday night was a profound success, and the receipts ran up past sixty dollars. We are glad to know that the good ladies of Clay City are very active in raising church funds and may always be depended upon to do their part.

By the Tonic Route.

The pills that act as a tonic, and not as a drastic purge, are DeWitt's Little Early Risers. They cure Headache, Constipation, Biliousness, etc. Early Risers are small, easy to take and easy to act—a safe pill. Mack Hamilton, hotel clerk at Valley City, N. D., says: "Two bottles cured me of chronic constipation." Sold by M. Rose.

Russell Welch Killed.

Too late to get in our last issue, we learned of the accidental killing of Russell Welch by his brother, Clark Welch, while hunting above Stanton Wednesday. The lad was shot in the leg and died the day following. He is the son of Jas. M. Welch, of Rosslyn, well known to all the people of Powell, having served as deputy sheriff under Thos. B. Ware four years ago. The bereaved relatives have our sincere sympathy, for they are known as friends to us and are of the best people of the county.

Pleasant and Harmless.

Don't drug the stomach to cure a cough. One Minute Cough Cure cuts the mucus, draws the inflammation out of the throat, lungs and bronchial tubes, heals, soothes and cures. A quick cure for Croup and Whooping Cough. One Minute Cough Cure relieves a cough in one minute because it acts first on the mucous membrane right where the cough trouble—in the throat or deep-seated on the lungs. Sold by M. Rose.

H. G. Elinor, capitalist of Iron-ton, Ohio, has completed the purchase of 5,000 acres of timber land in Morgan county from Enoch & Dudley. The price paid was \$44,000. The land will be at once developed, and a line of narrow-gauge railway built to get lumber to market.

Moonshiners Captured.

Deputy Collector Insko and Deputy Marshall Press Jackson destroyed a sixty gallon copper still in Powell county Friday night and captured Clay Chambers and William Chambers, moonshiners, at work in the still. They were lodged in jail at Mt. Sterling. The still was burned. —Winchester Democrat.

A Guaranteed Cure For Piles.

Itching, Blind, Bleeding or Protruding Piles. Druggists refund money if PAZO OINTMENT fails to cure any case, no matter of how long standing, in 6 to 14 days. First application gives ease and rest. 50c. If your druggist hasn't it send 50c in stamps and it will be forwarded post-paid by Paris Medicine Co., St. Louis, Mo.

Without Bail.

Judge Watts Parker, of the Fayette Circuit Court overruled the motion for bail in the cases of James Hargis, Elbert Hargis and Ed Callahan, charged with complicity in the assassination of James Cockrill. Bail was granted Alex. Hargis in the sum of \$15,000. The trial of the four defendants was set for next Tuesday, April 4.

A Destructive Fire.

To draw the fire out of a burn, or heal a cut without leaving a scar, use DeWitt's Witch Hazel Salve. A specific for piles. Get the genuine. J. L. Tucker, editor of the Harmonizer, Centre, Ala., writes: "I have used DeWitt's Witch Hazel Salve in my family for piles, cuts and burns. It is the best salve on the market. Every family should keep it on hand." Sold by M. Rose.

Standard Oil Company.

The Standard Oil Company was fined \$100.00 last week by the Powell Circuit Court for peddling oil in the county without license. This is a new step at enforcing the law on big corporations like the Standard, but we presume the Kansas spirit has truck the people of Powell so they are up in arms against the trust. This act is just and should be carried on, still at the same time the delivering of oil to our merchants come to them much cheaper than if shipped over the railroad, consequently, the enforcement of such law in this case is also felt by the local merchants as well as by the oil King.

A Dinner Invitation.

After a hearty meal a dose Kodol Dyspepsia Cure will prevent an attack of indigestion. Kodol is a thorough digestant and a guaranteed cure for Indigestion, Dyspepsia, Gas on the Stomach, Sour Risings, Bad Breath and all stomach troubles. N. Watkins, Lesbus, Ky., says: "I can testify to the efficacy Kodol in the cure of Stomach Trouble. I was afflicted with Stomach Trouble for fifteen years and have taken six bottles of your Kodol Dyspepsia Cure, which entirely cured me. The six bottles were worth \$1,000 to me." Kodol Dyspepsia Cure will digest any quantity of all the wholesome food you want to eat while your stomach takes a rest—recuperates and grows strong. This wonderful preparation is justly entitled to all of its many remarkable cures. Sold by M. Rose.

PAPOOSE POPCORN

A New Seed Discovery for FORAGE, POULTRY, FOPPING

A subscriber to the Southern Agriculturist secured the original seed from an old Indian in Northwest Texas. After experimenting with it seven years he wrote that paper: "With good ground and care it will make from 50 to 100 bushels to the acre, and planted thick and cut stalk and all it will make more feed and better feed than anything I ever saw. The old Indian said poultry fed on it would never have the cholera. I have not lost a fowl with cholera since I have been raising it. It also pops beautifully." This article brought hundreds of requests for seed, and now only a few bushels are left. Send 10c for a 3 months' trial subscription to Southern Agriculturist, 39 C. P. Bldg., Nashville, Tenn., and you will get 100 seed by return mail, also details of \$50 prize seed-growing contest.

The hog has been permitted to run at large on the streets of Clay City free and unmolested to accommodate the public that they might derive some profit from such privilege, and at the same time not be such a terrible nuisance. While this is tolerated we think the owners of such swine should be compelled to keep their hogs well and securely rung, or with their nose cut off so they would not root up what little grass that wants to grow about on the commons. I is simply too bad to have the pretty green spots now luming up, all plowed to pieces by the dirty pig, when in fact it does him no good, but creates an unsightly condition of the ground for the remainder of the year. If the hogs are going to be permitted to run at large, the owners should certainly be required to keep them in such condition that they can not root, and if found rooting, Mr. hog should stand good for a fine. It's up to the council.

We are indeed glad to see that up in Massachusetts they have some regard for the way money comes before they accept it for missionary purposes. The fact of the case is when Mr. Rockefeller offered to give his cool \$100,000 for missionary work he was prompted to do so for effect, for if he had have been the possessor of a christian heart, he would have reduced the price of oil so poor people could not be so oppressed in even the purchase of this indispensable article, before he made such offer. It is clear to us that when a man steals millions, he can not get a compromise with his creator by paying a few thousand over. It is scriptural for him to return four-fold, and to return it to the ones from whom it was taken.

The Chicago university is preparing to make use of a farm near Chicago for a faam colony for its high school department. The idea is a most excellent one. By far too many of the boys and girls of the day never know anything about the delights of contact with nature. By far too many of them have no practical knowledge of anything. There is no better place than on a farm to learn of the things which go to make good men and women.

The establishment in Kentucky of independent oil refineries is talked of by promoters, who claim that they have a process by which they can refine oil cheaper than the Standard Oil Company, and that they have sufficient capital to make the undertaking a success. There has been an increase in activity the past week in the Kentucky fields, and the outlook is encouraging.

President Roosevelt's argument that it is necessary to maintain a large navy in order to preserve the peace, is very forcible at the present time. With Theodore Roosevelt in the White House extraordinary measures should be taken to preserve the peace.

Do You Want an Education?

SOME FACTS ABOUT THE CLAY CITY GRADED SCHOOL.

Clay City is located on the L. & E. railroad, between Lexington and Jackson, Ky. The Graded School is the pride of the city and is in a prosperous condition, having an enrollment of about one hundred and fifty pupils.

Strict discipline is enforced, but it is tempered with mildness and kindness. Our course of study will compare favorably with that of any graded school in the State. We strive to obtain thoroughness, however, rather than a smattering knowledge of many things; to be deep, rather than broad. We shall undertake no patent process by which it is supposed that untutored boys and girls may be put into a cramming machine and speedily turned out well educated men and women.

Education is the product of time and hard study. If you wish your children to be well educated, you should give plenty of time in which to train them. We will teach your little children and give them the benefit of careful training in the elementary branches, under an experienced teacher, thus laying the foundation of a good education; we will take pupils in the preparatory department and give them thorough instruction in the ordinary branches of an English education, and we will take more advanced students and train them in the higher studies of the regular college course, including Higher Mathematics, Sciences, French and English Literature, and will furnish them with superior facilities for instruction in Vocal and Instrumental Music.

BEAUTIFY YOUR HOME WITH Kinloch PAINT

READY TO MIX NOT READY MIXED

Important Memorandum—The painter is the most important factor in painting. A job completed, done by a good painter with the best quality material, costing say \$40.00 (\$45.00 value, \$20.00 profit) will last five years. The same paint applied by a duffer, (\$30.00 value, \$20.00 profit) will last only two years. Thus the "per-year cost" of the good painter's job is \$12.00—the poor painter's \$25.00.

A small investment in paint adds greatly to the value and beauty of your property and makes you a "good neighbor" by making a good neighborhood. Good painting is one of the best investments and pays big returns in improved values. It's a saving, not an expense. But when you paint—buy only

Kinloch
HOUSE PAINT

There's one indisputable reason why, a reason every honest painter will acknowledge—"The Oil is the Life of Paint," and the sure way to get good oil is to buy it fresh and pure from the dealer's barrel, not from the ready-mixed paint can. The paint that is ready to mix with linseed oil, gallon for gallon, is KINLOCH PAINT, and we recommend its use for every good reason we know.

Strikes Hidden Rocks.

When your ship of health strikes the hidden rocks of Consumption, Pneumonia, etc., you are lost, if you don't get help from Dr. King's New Discovery for Consumption. J. W. McKinnon, of Talladega Springs, Ala., writes: "I had been very ill with Pnenmonia, under the care of two doctors, but was getting no better when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for sore throat, bronchitis, coughs and colds. Guaranteed at Swann-Day Lumber Co's store, price 50c and \$1.00. Trial bottle free.

Giving Satisfaction.

The Clay City Roller Mills are having very favorable conditions in introducing their flour. It is now in the hands of every merchant in Clay City with two exceptions and they will handle it soon as they sell what flour they now have on hand. This mill has made several shipments both up and down the road. One merchant who took 500 pounds of the new flour for a trial sold the same out in little or no time and gave his order immediately for 5,000 pounds saying, "what we have sold has given universal satisfaction, not a single complaint being made."

Startling Mortality.

Statistics show startling mortality, from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy, Dr. King's New Life Pills. M. I was all run down from nervousness and overwork and had to resign my position and take a rest. I found that I was not gaining my strength and health as fast as I could wish, and as your Wine of Cardui was recommended as such a good medicine for the ills of our sex, I bought a bottle and began using it. I was satisfied with the results from the use of the first bottle, and took three more and then found I was restored to good health and strength and able to take up my work with renewed vigor. I consider it a fine tonic and excellent for worn-out, nervous condition, and am pleased to endorse it.
